DOES A WIDESPREAD CONSPIRACY EXIST?

One of the Interesting Features of the Haywood Trial.

THE STATE MAKES RESISTANCE

Attorney Darrow Claims If He Succeeds in Broadening Scope, He Will Be Able to Prove that Widespread Conspiracy Exists.

Boise, Idaho, June 29.—The effort of the defense to open the way for a showing of a general conspiracy extending over many states on the part of mine owners to crush out the Western Federation of Miners has now become one of the interesting features of the trial of William D. Haywood. The state is resisting this very earnestly.

So far Judge Wood has ruled that evidence showing a conspiracy in the states of Idaho and Colorado will be admitted on the promise that the defense will connect this later with their line of defense. But the defense has not given up their efforts to widen the field and now the struggle is being resumed.

Clarence Darrow, who is conducting the defense and in charge of the witnesses, asserts most positively that he proposes to go, directly, if possible, into the conspiracy of the mine owners and claims if he succeeds in broadening the scope he will be able to prove that a widespread conspiracy exists. The state insists that the defense must lay its foundation for the proof of a general conspiracy in the same way as was done by their witness, Orchard, and that separate cases do not suffice. Darrow says he can bring the Pinkerton agency in as one of the chiefs in the conspiracy and claims to have witnesses here who will fully support his charges. If the court permits this line of defense it threatens a prolongation of the case, as the state will call a large number of witnesses in rebuttal.

Professor Munster Berg, of Harvard university, who has been here for the last four days conducting an investigation of Orchard and other principals in the case in the interest of psychology as applied to law, had a long interview with Orchard in the penitentiary and every opportunity he has had he has been in the court room making notes and closely watching the witnesses. He declines to give any of his views at this time, and says that his conclusions will not be reported until he has time to go carefully over the notes he has taken of his observations, but admits that the field has been the most interesting that he has had the opportunity of studying for some time.

500 CHINESE CREMATED.

Terrible Holocaust in Theater at the City of Hong Kong.

Victoria, B. C., June 29.—A horrible holocaust is reported in mail advices from Hong Kong, where 500 Chinese of the audience of a Chinese theater, and ten of the actors were burned to death when a native theater was destroyed by fire. The flames spread rapidly and the building collapsed, blocking the entrance with burning debris.

The origin of the fire is said to have been due to the igniting of explosives under the floor of the theater, the fire following the explosion.

Fatal Brawl in Kentucky.

Knoxville, Tenn., June 29—A special to the Sentinel from Mayking, Ky., says in a brawl between the Meadows and Osborne factions, on the Dickerson county border, Jesse Meadows was killed outright and Wilson Osborne was fatally wounded, and will not survive the day. Trouble had been growing for some time, but this was the first outbreak.

Newspaper Publisher Weds.

Augusta, Ga., June 29.—Edward W. Barrett, owner of the Birmingham (Ala.) Age-Herald, was married at 8 o'clock Thuraday night to Mrs. Louise Butt Cunningham. Their tour will include Jamestown, New York and several weeks in Europe.

JAPAN HAS STRONG ARMY.

America Should Not Underestimate Her Power, Says Rev. Malbrie.

San Francisco, June 29.—The Rev. Henry C. Malbrie, general secretary of the American Baptist Union, who arrived on the Korea Thursday, has been on a four months' tour of the Orient, inspecting the mission stations. He gave careful study to the Japanese question, and says Americans should be warned against underestimating Japan's Strength.

"They have a standing army of a million men," he said, "and their drill work is not the performance of perfunctory evolutions. They go at it in the greatest earnestness. No nation can afford to hold the Japanese efficiency or valor in contempt. There is an increasing feeling beneneath the surface of uneasiness and sensitiveness in regard to our immigration policy, and the treatment of her subjects. It is not so manifest as reports would endeavor to convey; the thoughtful, substantial men are disposed to be patient and to trust to the good intentions of our country and our officials for an amicable adjustment of the difficulties with regard to their rights."

SMITH TO INVESTIGATE

Relations Between the Telegraph Companies of the United States.

Chicago, June 29.—A dispatch to the Tribune from Washington says:

In accordance with the instructions of President Roosevelt, Commissioner of Corporations Herbert Knox Smith, is arranging for an immediate investigation of the relations between the telegraph companies of the United States.

This investigation will be conducted in such a manner as to avoid giving any company or official the privilege of immunity from prosecution in case a violation of the law should be discovered. The investigation will determine the nature and extent of the agreements existing between the telegraph companies, the rate of wages paid to employees, the operating expenses and such other data as will be useful to the department of justice in determining whether to institute legal proceedings and to congress should that body desire to have the government exercise control over the telegraphic service.

Petition to Save Negro's Life.

Montgomery, Ala., June 29.—The effort to save the neck of David Beeman, the negro for whom his brother, John Beeman, wanted to die on the gallows, is meeting with success. A monster petition is being signed and will be presented to the governor in a few days. Practically every man approached has signed the petition, so great is the sympathy for the condemned prisoner. Beeman killed his wife because he was jealous of the attentions of another man.

Bank Organized at Crosland.

Tifton, Ga., June 29.—The citizens of Crosland met Thursday and organized a bank with a capital stock of $25,000, which is owned principally by local business men. The following officers were selected: G. F. Clark, president; J. F. Royal and J. C. Cannady, vice presidents; W. W. Baker, V. S. Horn and M. S. Shaw, directors. It will be known as the bank of Crosland, and will be opened not later than July 4.

Boy Strangely Missing.

Macon, Ga., June 29.—Hickman Jessup, the 19-year-old son of Patrolman J. J. Jessup, of the Macon police force, is strangely missing. The boy went to Savannah last Sunday and did not return. The father has been in Savannah on a search and found that the boy had been to the Central railway ticket office where he made an effort to return home on his reduced rate passage. A search has been made since, but the boy is still missing.

Immense Black Eagle Killed.

Stockbridge, Ga., June 29.—W. C. Milam killed a black eagle measuring 6 feet, 10 inches from tip to tip, near his home Thursday morning, one mile from this place. This eagle resembles the one that has been confined at Grant park in Atlanta for several years.

CENTRAL OF GEORGIA IS TO CHANGE HANDS

Said It Will Pass to the Rock Island-Frisco Interests.

LINE SEEKS ATLANTIC OUTLET

Predicted that Change Will Occur After Expiration of the Two Years in Which It Is To Be Kept as an Independent Line.

New York, June 29.—The control of the Central of Georgia railroad, which was purchased on Wednesday by Oakleigh Thorne and Marsden J. Berry, will eventually pass to the Rock Island-Frisco interests, if predictions made in railroad circles prove well founded.

It was said that Messrs. Thorne and Perry purchased the Central of Georgia with an understanding between themselves and the Rock Island interests that formal control of the road should pass to the St. Louis and San Francisco, after the expiration of the two years during which the present holders of the road have agreed to keep it as an independent line.

Mr. Thorne would neither confirm nor deny the report. People could draw what inference they would, he said. It was pointed out that close relations have existed between Mr. Thorne and B. F. Yoakum, who is the guiding spirit in the affairs of the Rock Island-Frisco system. Mr. Yoakum is a director in the Trust Company of America, of which Mr. Thirne is president, and in other ways Mr. Thorne and Mr. Yoakum have co-operated in business undertakings.

The St. Louis and San Francisco now has a line into Birmingham, and at that point connects directly with the Central of Georgia whose lines run from Birmingham, from Montgomery and from Chattanooga to the coast at Savannah.

In addition to obtaining this outlet to the Atlantic seaboard, the San Francisco in acquiring the Central of Georgia would come into control of a large amount of traffic originating in the territory served by the Central of Georgia.

DID RECTOR MURDER WIFE?

Chicago Churchman Suspected of Poisoning Her.

London, June 29.—Walter Swinborn Hancock, formerly an Episcopalian clergyman of a fashionable church in Chicago, whom his bishop inhibited on account of scandals with women, is under police surveillance here.

He is suspected of having poisoned his wife, who was the widow of Paul Townsend Jones, of New York, allegations to that effect having been made in the Kensington coroner's court.

Mrs. Hancock died on March 23 last, the cause of death being certified a sappendicitis. Afterwards the body was exhumed on account of the suspicions of her son, and an inquest will be held.

Rector's Record Painted Dark.

Chicago, June 29.—Rev. James H. Stone, rector of St. James church, said that investigations made by Bishop McLaren in 1896, showed Hancock to have been a "man of ill repute." "The charges brought against Hancock here," says Dr. Stone, "were that he was given to consorting with lewd women."

100 German Immigrants.

Montgomery, Ala., June 29.—It is reported at the capitol that State Immigration Agent DeHoll, who has been in foreign countries in search of immigrants, has arrived in New York with one hundred Germans, who will be taken to the Birmingham district. There are no details so far, the information being meager in nature, and yet to be developed. Governor Comer said that he had no facts as yet to tell about the trip, but will be able to give some out when he receives further report of the work done by the agent.

GEORGIA LEGISLATURE.

Second Day—Governor's Message Is Read—Reform Measures.

Atlanta, June 29—All of Thursday's session was taken up with the reading of the governor's message, which was received Wednesday, but only read Thursday, and the canvassing of the vote received by the governor and other state house officers.

There were no bills introduced.

Chief interest centered around the reform measures to be again introduced by Mr. Hall, of Bibb. These are:

The anti-pass bill, to prevent all state officials from receiving and riding on railroad passes, the acceptance of telegraph, telephone and express franks or receiving other courtesies from corporations.

The bill to compel all foreign corporations now doing business in Georgia to be organized under a Georgia charter. This will force the Southern, Seaboard Air Line, Atlantic Coast Line and other railroads in Georgia to secure Georgia charters.

The tax assessors' bill, providing for the appointment of three tax assessors to assess values upon the returns of all corporations which now make them to the comptroller general. The bill to repeal the law which now allows judges to direct juries to find verdicts.

Another bill of general interest to be introduced is that of Representative Williams, of Laurens, and to be known as the disfranchisement bill. It is stated that this bill has the support of Governor-elect Smith and many members of the house.

In addition to these Mr. Wright, of Floyd, has several measures of a general nature which will be introduced.

After canvassing the vote and hearing the rtturns announced, the house adjourned.

The Senate.

The second day's session of the senate was featured by the introduction by Senator Benjamin Camp, of the thirty-first district, of an anti-cigarette bill, and by an automobile speed restricting bill by Senator Felder, of the twenty-second district.

Except for the introduction of several bills, nothing more than routine business was transacted by the body, adjournment being at 12:45 o'clock.

Dothan Moved by Preaching.

Dothan, Ala., June 29.—As a result of the preaching of Rev. Bob Jones, the city has closed the dispensary, the citizens have called a mass meeting for Saturday to take steps to put whisky out of the county, and the druggists have gotten together in a request that the doctors give no more prescriptions for whisky or other intoxicants. One hundred and fifty new members have been added to the churches, one hundred of them to the local Methodist congregation. The salary of the Methodist pastor has been raised to $2,500 a year, and he has been given a vacation with expenses paid for a trip to the Jamestown exposition and other points of interest. Mr. Jones is now conducting a revival at Camden.

Girl's Screams Saved Her.

Macon, Ga., June 29.—The screams of his 15-year-old daughter aroused the members of the family of W. B. Head, a representative of the Metropolitan Life Insurance company, at the residence, 429 Duncan avenue, Thursday morning, and a man, supposed to be a negro, escaped through the window at which he had entered, into the darkness, and was pursued by Call Officer Brannan, but was not captured. The touch of a hand upon her form awakened the child and she screamed so loudly that the man was forced to flee.

Tobacco King to Wed.

New York, June 29.—James B. Duke, the tobacco king, will be married the last week in July to Mrs. William Inman, the beautiful society woman of Atlanta, Ga., to whom he has been attentive for the past few months. The wedding will take place in Europe. The head of the tobacco trust and his prospective bride will sail for the other side with a party on the morning of July 15. The ceremony will take place as soon as the party reaches Europe.

BOAT RACES PULLED OFF BY UNIVERSITIES

Harvard Won Freshman Eight, Yale Varsity Four-Oared.

A TRIUMPH FOR CAMBRIDGE

Both Races Were Up Stream on the Incoming Tide In Smooth Water and Both Were Rowed In Very Slow Time.

New London, Conn., June 29.—Harvard won the freshmen eight by one and a half lengths and Yale, the 'Varsity four-oared race, by perhaps ten lengths, on the morning tide on the Thames river Friday, and the result confirmed predicitions.

Coming with the great victory of a Yale 'varsity eight Thursday night, the winner of the four-oared race on Friday was a source of gratification to Yale men, and an evidence of the efficiency of coach Kennedy's training. It was an easy race for the Blue to win, while the freshmen race was a hard one for Yale to lose, and correspondingly, a triumph for the Cambridge youngsters.

The races were worth seeing, although a mere remnant of the host of Thursday had the courage to stay over for them.

Both races were up stream on the incoming tide in smooth water, and both were rowed in slow time. It was Harvard's strength in the freshmen and lack of it in the four-oared race which made the results as they were.

Official times of the races were:

Freshman—Harvard, 11:15; Yale, 11:19. Four-oared—YaYle, 12:33; Harvard, 13:15.

VALDOSTA GIVES $50,000 AND SITE

Enthusiastic Meeting for Branch of the State University.

Valdosta, Ga., June 29.—At a meeting of citizens held at the school auditorium in this city Thursday night in the interest of the branch of the state university, authorized by the last legislature, to be established in Valdosta, a site for the college and about $25,000 in cash was subscribed, which was added to by subscriptions of approximately $18,000 more.

Colonel W. S. West, for himself and on behalf of the Valdosta street car line, donated a site for the school, the location being about a mile north of the city, and $2,500 in cash.

Other citizens gave sums of from $5,000 to $25, Mr. George Varn being the largest contributor, giving the former sum.

There is much enthusiasm over the establishment of the college here.

BANDIT'S DEFIANT MESSAGE.

After Daring Holdup, Tells Police that Others Will Follow.

Los Angeles, Calif., June 29.—In plain view of many pedestrians, an unmasked highwayman, well known to the police of many cities under the alias of "Black Jack," Thursday night held up a car on the Sixth and Rampart street line, relieving the conductor of a watch and $30 in cash and sending to the chief of police a defiant message announcing his presence in the city and biding him to look out for further holdups.

Judge Sentenced to Pen.

Knoxville, Tenn., June 29—A special to the Sentinel from Huntsville, Tenn., says that Judge J. B. Fulton, who shot and killed Sam Parker, a widely-known football player, has been sentenced to ten years' imprisonment. Parker was slain by Fulton as he was leaving a train at Helenwood, Tenn. The killing was said to have been the outcome of domestic gossip. Both families are prominent.

Governor Refuses to Interfere.

Columbus, Ohio, June 29—Governor Harris has refused to interfere in the case of James Cornelius, and he must die in the electric chair at the penitentiary. Cornelius' son recently secured a brief respite for his father by a personal appeal to the governor.

SECOND WEEK OF NORMAL A SUCCESS

One Hundred or More Teachers Are in Attendance Now.

LITERARY SOCIETY ORGANIZED

Society Will Meet in Auditorium Friday of Each Week, When an Interesting and Instructive Program Will be Carried Out—Normal Notes.

The Summer Normal closed its second week with an attendance of some one hundred or more.

At the last period before noon Friday, the student body assembled in the chapel and organized a literary society, to meet in the Chautauqua Auditorium every Friday night at 7:45. Prof. T. D. Culp of Williston was elected president of the society, and Miss Stewart of Tampa, secretary.

A program committee of five was appointed, Prof. Tom F. McBeath being the chairman.

The Chautauqua management has very kindly tendered the use of its auditorium, and the electric light company the use of lights free. The Normal appreciates the spirit of liberality and helpfulness.

Prof. Knibloe spent Friday forenoon re-arranging his recitation, and his classes will find the room more comfortable in the future.

Through the courtesy of Dr. Andrew Sledd, Prof. Corr will, at an early date, give to the physical geography class an illustrated lecture on the physical features of the earth.

Dr. Yocum is expecting quite a number of teachers to enter the Normal next Monday.

An Enjoyable Function.

Complimentary to his young friend, Willie Way, son of Rev. and Mrs. E. W. Way, formerly of this city but now of Fernandina, who is visiting here, Hardy Jarvis tendered a delightful party at the home of his parents, Mr. aad Mrs. J. H. Jarvis, Friday evening.

There were about twenty-five present, and the occasion was passed in a manner appropriate, juvenile games being indulged in.

Delicious fruit punch and cake was served, and in all the affair was quite a success.

Friends of the host departed at a late hour under many obligations for the pleasure of the evening and an opportunity of renewing acquaintance with Master Way.

For Over Sixty Years

W. C. T. U. Picnic.

The W. C. T. U's. of Micanopy will give a big picnic on the famous Tuscawillow Lake Thursday, July 4th. Everybody invited to come and bring your baskets, to be unloaded after being entertained by a temperance lecture and songs.

Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by all druggists.

Make a Summer Resort of your Porch

The market is full of shades—good, bad and indifferent—but the

"VUDOR" Shade

stands in a class alone as the Standard Porch Cooler, with a reputation as unassailable as Ivory Soap or Huyler's Chocolates.

A hundred thousand American homes, including the White House at Washington, are equipped with them, and here in Gainesville the scores of VUDOR Shades on nearly every street—some hung two years ago—are the best testimonials we could ask.

SOLD LIQUOR AND GOT INTO TROUBLE

Serious Plight of Negro Who Offended the Law.

A WALKING BLIND TIGER

Was This Man—Marshal Arnow Saw Him Sell the Whiskey and Collect the Money—Both Men Arrested and Placed in Jail—Trial Tomorrow.

Marshal Arnow made a "blind tiger" raid about 9 o'clock Saturday night, with the result that Phillip Johnson, now in jail, must answer Monday morning to the charge of selling liquor in a county voting against the same. Johnson was a "walking" tiger.

Walter Thomas, the purchaser of the pint of Crystal River which got Johnson into trouble, is also in jail, and must appear as a witness against the defendant.

The arerst was made on South Garden street, where Marshal Arnow, who happened to be in that vicinity, witnessed the deal, and saw Thomas pay Johnson sixty-five cents for the whiskey. When arrested Johnson had another pint in his pocket.

Marshal Arnow deserves great credit for this capture, and should be congratulated by the law-abiding element.

COL. CLARK WILL BE THERE.

Accepts Invitation of People of Arche to Deliver an Address.

The Fourth of July in Archer is going to prove all the more attractive, inasmuch as Hon. Frank Clark, Congressman from the Second District, has accepted the invitation of a committee representing the citizens of that progressive town to deliver an address there on that day.

When the invitation was at first extended Col. Clark informed the committee that it would be his pleasure to respond, but, owing to an important engagement which was likely to call him away at any day, he could not positively assure them of his presence, but that he would come if this engagement did not interfere. Since that time, however, he has made arrangements, and assures the good people who have honored him with the invitation that he could be depended upon.

Col. Clark's record as an orator is so well known that comment is unnecessary. Suffice it to say those who hear him on this occasion will have no cause to regret attending the picnic.

This function will comprise a big barbecue and basket picnic, and a cordial invitation is extended to the public to come and bring full baskets. While the affair will be given under the auspices of Archer Lodge, Woodmen of the World, it will be for the benefit of the public.

ARNOW MAKES DISCOVERY.

Marshal Found Crocus Sack Filled With Patent Medicines.

While on his usual rounds Friday, Marshal Arnow discovered in the vicinity of the gas plant on Depot street a crocus bag containing a quantity of patent medicines. As a natural consequence the officer seized the bag and began an investigation. He visited every drug store in the city, but none of the druggists claimed the goods.

The bag contained three different kinds of medicines, being an assortment of Pioneer's Lagrippe Cure, Dr. O'Dell's Beef Iron and Wine, and Dr. O'Dell's Liver Medicine.

Marshal Arnow requests The Sun to state that the owners of these goods may have same upon identifying them. They were evidently not stolen in Gainesville.

BAPTIST UNION MEETING.

Santa Fe River Baptist Association in Session at Rochelle.

The union meeting of the Santa Fe River Baptist Association is in session with the Rochelle church, having convened Friday.

The session will last for three days, concluding this evening with divine service.

J. F. Bunch of this city is representing the Baptist church here. The association comprises a number of churches in this district, and the sessions are usually well attended.

NEWS OF CITY AND COUNTY CONDENSED

Shoes—We have on hand ladies', gents' and children's shoes at very low prices. J. Manasse.

Mrs W. T. Chesnut and children are spending Sunday with Mr. Chesnut in Arredondo, their country home.

R. H. Holstein, the trucker and cross-tie contractor of Hague, was in the city yesterday and made The Sun an agreeable call.

J. F. Futch of Haynesworth, one of The Sun's valued friends and subscribers, was among the visitors to this city yesterday, renewing his subscription.

The Woman's Christian Temperance Union will hold its regular monthly business meeting at the reading room Monday afternoon, at 4 o'clock.

Mrs. Scriven Dozier of Jacksonville, after a pleasant visit to her sister, Mrs. Esther Jordan, and other relatives here, returned to her home yesterday.

E. K. Rosborough of Jacksonville was registered at the Brown House yesterday. Mr. Rosborough was for years a resident of Windsor, and is well known throughout the county. He is now holding a responsible traveling position.

Want you to patronize a home company when you need insurance. Ferd Bayer, at No. 104 West Main street, is the agent for the Southern Home Insurance Company. This is a Florida company, and has only Florida people as stockholders.

J. M. Turner of Lake View was in the city yesterday. Mr. Turner has been on a brief but interesting visit to the Jamestown Exposition, stopping on his return in Brunswick, Ga., for a brief stay with his wife and daughter, the latter residing there. Mrs. Turner has been in Brunswick with her daughter for some time.

David Edelstein, formerly of this city, but now of New York, has arrived in Gainesville, and expects to remain here for a few weeks. Mr. Edelstein will assist his brother, Moses Edelstein, in his store. The family of the latter expect to spend the summer on the coast, and Mr. Edelstein's time will be divided between Seabreeze and Gainesville.

Dr. J. L. Kelley has returned from a business trip to Jacksonville and Palatka. He reports Palatka forging along nicely, and says that the Gem City is destined yet to become one of the leading towns of the State. There has been many public improvements within the past eighteen months or so, and the work continues, the latest being the awarding of the contract for granolithic sidewalks.

Miss Foy Lynn, the professional nurse who has been with the Packham family at Waldo, five of whom have been suffering from typhoid fever for several weeks, spent a few hours in the city yesterday, returning to Waldo in the afternoon. She reports that the three surviving patients are convalescent, and will probably be out soon. Two members of this unfortunate family died with typhoid within a few days.

O. B. Dyke, one of the clever train dispatchers of the Atlantic Coast Line, expects to make his departure today on his usual vacation. He will make an extended trip, going from here to St. Petersburg and Tampa. From Tampa he will proceed to Memphis, and before returning will visit Cincinnati, Louisville, Chicago, New York and the Jamestown Exposition. He expects to be absent about thirty days, and his numerous friends here wish him a pleasant and beneficial trip.

Attention is directed to the advertisement of The G. W. Hyde Company, which appears in this issue. This enterprising firm expresses its appreciation at the elegant June business, but wants to make July even better, and with that object in view they will show a fine line of ladies' ready-to-wear goods, wash goods, silks and dress goods, cotton goods, millinery, etc., and invite the ladies to inspect the line and prices, assuring them of excellent values in every department.

E. J. Hearst of Syracuse, N. Y., representing Leavenworth & Co., school supplies and furniture, after a couple of days spent in this city, left yesterday for Jacksonville, where he will remain with his wife today, returning to Gainesville tomorrow. Mr. Hearst is one of the cleverest of "the boys," and by his hospitable disposition makes friends wherever he goes. He is no stranger in Florida, having visited here before. He expects to make Jacksonville or Gainesville his headquarters in the future.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must, from necessity, be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but $1.25. For sale by all druggists.

It's alright for a man to "be crazy" if he'll only keep it private. There is no use trying to get the whole creation over on your side.

Newbro's Herpicide

WHAT HERPICIDE DOES

Newbro's Herpicide destroys the tiny vegetable growth in the scalp that causes dandruff, itching scalp, falling hair and baldness. Once this microbic enemy of the hair is destroyed and kept out of the scalp, the hair is bound to grow as nature intended, except in cases of chronic baldness.

WHAT SUNLIGHT DOES

Sunlight is nature's germ destroyer and prophylactic. The effect of sunlight upon the scalp proves highly beneficial, if a complete plan of scalp cleanliness is carried out. This cannot be done without the use of Herpicide, which prevents reinfection and keeps the scalp pure and wholesome.

More men and women have gotten more positive results from the use of Newbro's Herpicide than from all other remedies combined.

HOT WEATHER TROUBLES

The perspiration that exudes in increased quantities during the summer months carries out poisonous and refuse matter that would otherwise clog up the pores of the scalp.

Incomplete elimination of this waste produces a hot and feverish condition of the sweat glands known as Prickly Heat for which Herpicide gives immediate relief. Herpicide stops itching of the scalp almost instantly.

Col. Thomp Burton, Member of the Board of Managers of the Ohio Penitentiary, writes as follows of Newbro's Herpicide;

"As to Herpicide I find it an excellent hair dressing as well as being the first and only absolute dandruff cure I have found. Upon my advice a number of my friends are using Herpicide, and the unanimous verdict is, that Herpicide is, in all respects, everything that its manufacturers claim for it."

Guaranteed under the Food and Drugs Act June 30, 1906. Serial No. 915.

A Delightful Party Given at Home of Mr. and Mrs. McClellan.

One of the most delightful, as well as most novel functions of the season, was given by the B. Y. P. U. Jr. Society at the home of Mr. and Mrs. Robt. McClellan, West Liberty street, Friday evening.

This entertainment was termed a cob-web party. An immense web had been arranged by means of numerous cords, with the "spider" in the center. The contestants each secured the end of the cord and began their endeavor to unravel the same in order to reach the coveted "spider." This naturally provoked a great deal of laughter and amusement, and after a time, there were four successful contestants, with the result that it became necessary to draw for the prize, the same falling to Frank Clark, Jr. The prize was an immense stick of peppermint candy, tied with ribbon.

There were a number of other games and some fine music, which went to make up a most entertaining program.

Delicious refreshments of ice cream and cake were served during the evening.

There were about fifty present, and altogether the function was pronounced a great success.

Party Did Not Occur.

Owing to the inclement weather, the lawn party scheduled by the Junior Epworth League of the First Methodist church for Friday afternoon was not held, with the result that there were a great many disappointed little folks.

The party will be held as soon as possible, however, and due notice will be given through The Sun.

Cooter Pond to Celebrate.

The good people of Cooter Pond Section, determined not to be outdone in patriotisam by other towns of the county, have decided to have a basket picnic on the Fourth of July. The day will be passed in an enjoyable manner, one of the principle features being a large pavilion, which will afford ample room for dancing. A cordial invitation is extended to all to come and bring well-filled baskets.

Monday Night's Concert.

Through the courtesy of the Consolidated Realty and Improvement Company, who have in charge the sale of College Park lots on Tuesday, Wednesday and Thursday, July 2, 3 and 4, the people of Gainesville will be entertained by a grand open air concert on the band stand Monday evening, beginning at 8 o'clock.

The First Regiment Band of Jacksonville, one of the best musical organizations in the South, has been secured, and will play every day at the sale at College Park.

The public is cordially invited to attend this concert tomorrow evening, and a rare musical treat is assured.

PERRY COLSON IMPROVING.

The Treatment at Battle Creek Sanitarium is Doing Him Good.

Perry M. Colson, who, accompanied by Dr. and Mrs. J. F. McKinstry, Jr., and C. W. Chase, left a few weeks ago for Battle Creek, Mich., where he entered the Battle Creek Sanitarium, continues to improve, which will be gratifying news to his many friends in Alachua county and throughout the State.

Mr. Colson has been in ill health for several months, and his condition remained unchanged, notwithstanding that everything possible was done for his relief. He feels confident, however, that Battle Creek will bring him back to his normal health.

Death of Mrs. Wooldridge.

Mrs. W. N. Wooldridge, about sixty years of age, died at her home in Tampa Friday, and Saturday night the remains passed through this city en route to Cedar Key, where the funeral will be held today. The remains were taken in charge here by Undertaker Robt. McClellan, who will have charge of the arrangements at Cedar Key.

Deceased was well known throughout this section, having resided at Cedar Key for many years. She was a devout Christian, a member of the Episcopal church.

Deceased is survived by a husband and two daughters, to whom the sympathy of friends is extended.

Death of Mrs. Earle.

Information reached this city Saturday of the death of Mrs. J. R. Earle, aged seventy-two, which occurred at her home in Anderson, S. C., of paralysis Friday afternoon, just after the arrival of her son, J. H. Earle of this city, who was summoned by wire.

Friends of Mr. Earle will sympathize with him deeply in his bereavement.

We Respectfully Invite the Public to a

MILITARY BAND CONCERT

WHICH THE

FIRST REGIMENT BAND

will give, with the compliments of The College Park Company, to the people of Gainesville at the Band Stand **Monday evening, July 1st, at 8 o'clock.** Everybody is invited to come out and enjoy the music of this fine band.

TUESDAY MORNING AT 8:30 O'CLOCK

We will have a large number of carriages on the public square to convey the crowd to the first Auction Sale of Lots at College Park, opposite the University. The concert on the grounds, the drawing for valuable presents and the first auction sale of lots will start promptly at 9 o'clock Tuesday morning. An ample number of carriages will be provided for each sale to convey you both ways free of cost. The morning sale will close promptly at 11 o'clock, and the afternoon sale will open at 4 o'clock.

We have never offered at auction a real estate subdivision more ideally situated or WITH BETTER PROSPECTS FOR QUICK AND DECIDED PROFITS. Lots in this beautiful subdivision are BOUND TO GROW MORE VALUABLE as Gainesville and the great University grow. Attend the opening sale Tuesday morning and show your faith in your town and the University by purchasing one or more of these lots. Every lot is high and dry and beautiful. All lots are 100 to 120 feet deep. The streets are all wide—the narrowest street in the tract is 50 feet in width.

If the weather is not too bad we will show you one thousand people at the opening sale. Join the crowd and be on the grounds promptly at 9 o'clock Tuesday morning. The terms of the sale are easy and liberal—$10 down and $10 per month on each lot.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The rain of the past few days has had a tendency to enliven the sweet potato industry. Wagons laden with "slips" were numerous on the streets Friday and Saturday.

The Georgia Legislature is now in session, having convened on Wednesday. John W. Aiken of the Forty-second Senatorial District was elected president of the Senate. The first bill introduced was a measure to prohibit the sale of liquor within the State. The bill is said to have a strong following, and may be passed before the session comes to a close.

It appears that Gainesville's efforts to have a better and more permanent system of sidewalks and paved streets has served as a "starter' or an inspiration to other cities to do likewise, as committees representing several of the leading interior cities of the State have come to Gainesville during the past few weeks to view and inspect the public improvements being made here.

Chas. B. Kendall, for several years business manager of The Tropical Sun, West Palm Beach, and one of the most competent and most widely known newspaper men in the State, has been appointed business manager of The Daily Industrial News of Greensboro, N. C., his former home. The News is an up-to-date sheet, and, while Mr. Kendall's Florida friends regret very much to lose him and his valuable service, they will nevertheless wish him success in his new field.

The Florida Agriculturist, in a recent article on parcels post, presented the following thought which is well to the point: "Is it not strange that, making the claim that we are the most enlightened and most enterprising people of the world, we should still submit to the extortions of the express companies? We are the only nation which claims to be enlightened, that does not have a parcels post. A few argue that on account of our long lines and extended territory it is not possible for us to carry out a parcels post law. Well, the express companies have managed to establish a tariff which covers the country, why cannot the postoffice do the same, and at very largely reduced rates?"

The plan of Congressman Clark to get up data about the various counties in his district, showing the inducements to immigration and what good farmers already located here have been able to do in the way of production, and then incorporate these facts into a speech at the next session of Congress and have thousands of copies circulated through the Northwest, is an excellent idea. It will carry reliable information from a source that will command confidence to many people who might thus be induced to come to Florida, and as the State is doing nothing to promote the cause of immigration, Mr. Clark's plan is a timely one and it is quite likely to bring good results. There is room in Suwannee county for many more farmers and a Northern man who is a good farmer could come to no better part of the State to find a location.—Live Oak Democrat.

THE GRADUATING FROCK.

Supt. Cooley of the Chicago public schools is to be commended for his sound, common sense. He was asked the other day: "How much should a girl's graduating gown cost?" "Seventy-five cents," he replied without hesitation. "I sometimes think it would be well to require high school girls to graduate in calico and save the heartaches and worry of poor young girls and their mothers whose purses are small." That goes to the kernel of the question. Every girl wishes to make the best possible appearance at the time of her graduation, very naturally, and there are parents of means who, for their own self-aggrandizement, permit their daughters to load themselves with every particle of finery that can be crowded into a graduation costume. By reason of their handsome frocks, the well-to-do girls are the stars of the commencement, though they may be far below the poorer girls in scholarship. An immense amount of money is spent each year in useless toggery for high school graduates, and it is doubtless a fact that will be attested by all high school teachers that there are year after year a considerable number of bright and deserving girls who drop out of school before the commencement and fail to be graduated because their parents cannot afford to buy for them as fine frocks as some of the other girls are going to wear. The sensitive girls save themselves from what they consider public humiliation by dropping out and forfeiting their diplomas. Some of the Western colleges and high schools have taken up the matter of simplifying graduating costumes, and the movement is one that should spread over the entire country. The girls should be made to understand that a simple, neat white frock is an excellent frame for beauty and is everything that is needed. The overdressed girl graduate is pretty apt to be deficient under her stunning hat.—Savannah News.

KILL THE RATS.

The United States Department of Agriculture has just sent out Bulletin No. 297, "Methods of Destroying Rats."

Referring briefly to the immense loss caused by the brown rat in this country, we are told that the cheapest and most effective poison for either rats or mice is the barium carbonate (or barytes). This mineral has the advantage of being without taste or smell and in the small quantities, used to poison rats, is harmless to all larger animals.

This poison may be fed to them in the form of a dough made of one-fifth barytes and four-fifths meal, but a better is ordinary oatmeal with about one-eighth of its bulk of barytes mixed with water into a stiff dough or the barytes may be spread upon bread and butter or moistened toast. This should be placed where the rats frequent.

This poison has the advantage over strychnine, in that the rats have full time to leave a building before they die.

The "guillotine" wire trap is also recommended. It is a simple contrivance, made of coiled wire that can be bought by the dozen.

The loss caused by rats is no small matter. A vigorous war should be made on them for this reason. Besides this they are a nuisance to good health. They may spread a fatal pestilence in time, as they have been known to do in the past.

Kill all the rats you can. If you wish to know everything about how to destroy them send for this bulletin.

Beware of Ointments for Catarrh that Contains Mercury

As mercury will surely destroy the sense of smelling and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. SAVED THE FARMERS $10,000,000.

Western farmers estimate that one man saved them fully $10,000,000 in wheat this season by stopping the ravages of the "green bug" that promised early in the spring to devastate the wheat belt. It did do vast damage in Oklahoma and Texas. It had entered Southern Kansas, when S. J. Hunter, professor of entomology in the Kansas State University, began experiments with parasites to destroy it. He found a bee which multiplies faster than the bug and destroys the latter over large areas. The larvae of this parasite he sent out to infest fields. Over 12,000 boxes were sent; express companies carried them free; millers and farmers paid the bills after the university allowance was exhausted; forty-seven counties were covered at the rate of 10,000 parasites for every eighty acres; a total of over 300,000,000 parasites being distributed in Kansas alone. The distribution began April 17; by the last week of May the bug had practically disappeared, and the wheat crop was free from this danger. Prof. Hunter has received hundreds of letters thanking him for his work. This is one of the ways that the Western schools are helping the farmers toward improved agriculture, and Prof. Hunter has taken a high place in consequence of his success and promptness in dealing with the new pest.—Leslie's Weekly.

Waldo Martin, a leading trucker of the Martin section, was in Ocala a day or two since, and in conversation with a reporter of The Banner, stated that he was quite successful in growing vegetables this season, and that most of the growers came out with very creditable bank accounts. He said that the trucking business is like all others—it requires the careful watching of every detail, and after the crop is successfully grown and gathered it then requires good judgment and a knowledge of the markets to know the best shipping points. For instance, Boston may be an excellent market for beans but it is a very poor market for cucumbers, and New York may be a good market for cucumbers but a poor market for beans and so of the other markets. By studying the markets very closely he was fortunate in shipping all his produce to the markets that brought the best prices. He did not hit wrong in a single instance. Had he shipped unintelligently he might have lost as much as he made.

SERMONETTES

BY J. MARVIN NICHOLS.

So long as ninety per cent of our nation's teeming millions composes the toilers, that long will the voice of the masses be power.

Just as I passed a church the other night I heard the preacher say: "Misfortune, rightly used, becomes a stepping stone." And I believe it.

Be your real self. Elementary law never apologizes. That is to say—don't be forever troubling your spirit to vindicate itself or to be understood.

Books, in themselves, are worthless—except to the author. But, when studied and incarnated in living, truth and error become force and power.

The instinct of a thief is the mania for owning things. The more grasping the passion the more pronounced the thief. By that rule a thief may own his pew in the amen corner.

Deog Dhughann, of Babylon circus fame, was right when he said: "Yes siree, lyin' is bad enough, but livin' up to a big lie's a durn sight harder work'n bein' an honest politician."

Oscar Wilde declares that if a friend spreads a great feast and fails to invite him he is content; but if his friend suffer a great sorrow and does not permit him to share it he is desolate.

That man was not far from the truth who exclaimed: "Right! Right! There's but one standard, one absolute measure of right—the right to the pursuit of what is undeniably a necessity to me."

"Let's all make believe," says The Chicago Tribune in the late terrific campaign, "that bribed aldermen are animated by a high sense of public duty." And the holders of traction stocks and their flunkeys shrieked: "Let's."

A penny for the thought: "Let's pretend to be shocked at Salome," say the preacher folks. "Of course we are not really shocked, but its so respectable to make believe." And the fellow in the pew responded: "Incline our hearts to play this game."

He who, for his own selfish gain, deliberately separates the producer from the product is a thief of the first water. Nor does it make any difference whether this be done in the dead hours of the night or in the glare of a sun that shines hot on a crowded street.

Just so long as a man believes he is a creature of environment he will be wrecked by his condition. The moment he becomes conscious that he can command the soil and seeds of his being out of which circumstances grow, that moment he becomes the master of himself and the arbitrator of his own destiny.

The following excerpt explains most of this modern lime-light popularity: "Properly recorded in history with all his mistakes, virtues and thunderings, what is known of Dowie will stand something like this: One per cent, Man; two per cent, Fanatic and preacher; ninety-seven per cent, fake newspaper copy."

It was in a piece of recent fiction—that's all true. Yet, I can see just how far a woman goes in making a gloomy old world perfectly radiant. For somewhere around us are lenses in human forms to which our perspectives of life may be set in composite perfection. Mine is Margaret; the world looks bright through her.

The matrimonial market seems to be looking up.

Baseball Players and Foot Racers.

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1.00. Sold by W. M. Johnson.

NOTICE OF ELECTION.

An election will be held in the Willeford District at the school house on Tuesday, July 23rd, 1907, for the purpose of determining whether or not said district shall be created a special tax school district, for the election of three trustees thereof, and for the purpose of determining the rate of millage to be assessed and collected therein for the next succeeding two years thereafter. Arno, June 29.—We have had an ndance of rain for the past three s. It came in time to save our ps. However, early corn was dam- some.

Mayor John F. Cox and family of keland spent three days this week h F. P. Henderson and family. s. Cox is the only daughter of F. P. nderson. Mr. Cox has the honor of ving his third term as mayor of keland.

There was a most beautiful wedg at Forest Grove church Wednesy night. The contracting parties re Miss Pearl Osteen, daughter of A. Osteen, and William J. Rawls Sneads, near Tallahassee. Mr. wls was accompanied by his bro- r. Hugh Rawls, and his sister, Miss ah Rawls. After a sumptuous sixlock dinner at Mr. Osteen's, the mily and friends went to the church, ere a large crowd were anxiously iting to witness the ceremony. v. Mr. Moore, pastor of the Methost church of Alachua, performed ceremony, using the beautiful and pressive ceremony of the M. E. urch.

The bride and groom left Thursy for Sneads, where they will make eir future home, and where Mr. wls holds a good position with a ge lumber and turpentine company. Misses Wilma and Nora Barry have turned from Tallahassee, where y have been going to school.

Misses Annie and Ida and Master hn Price have returned from Abbeille, Ga., where Miss Annie has been aching, and Ida and John have been tending school.

Mrs. A. B. Hughes of Tioga spent t week with F. P. Henderson and mily. Mr. Hughes and their ughter, Miss Emma, came up Satday and spent the night, and they returned to Tioga on Sunday.

REFUSED TO RECALL SUBPOENA

Millionaire Rockefeller Must Appear in Standard Oil Case.

Chicago, June 29.—Judge Landis, in the United States district court Friday refused to withdraw the subpoena issued for John D. Rockefeller, although John S. Miller, attorney for the Standard Oil company, urgently requested them to do so.

Mr. Miller informed the court that Mr. Rockefeller, although president of the Standad Oil company of Indiana, was not possessed of the information regarding the financial condition of the Standard Oil company, desired by the court. He also informed the court that Mr. Rockefeller was an old man, who had many business cares, and that no advantage could be gained by any person by bringing him into court. The request of the attorney did not appeal to Judge Landis, for he promptly refused to recall the subpoena, and in addition directed that subpoenas be issued for the vice president and secretary-treasurer of the Union Tank line.

A Happy Mother

Will see that her baby is properly cared for—to do this a good purgative is necessary. Many babies suffer from worms and their mothers don't know it—if your baby is feverish and doesn't sleep at night, it is troubled with worms. White's Cream Vermifuge will clean out these worms in a mild, pleasant way. Once tried always used. Give it a trial. Price 25 cents. Sold by W. M. Johnson.

Two Candidates Contest for Place.

Hobart, Okla., June 29.—As a result of three days' balloting the Democratic convention in the fifth congressional district here late Thursday ended in a senational tumult and two candidates will contest for a place on the ticket. They are Scott Ferris, of Lawton, and Carlen Weaver, of Ada, I. T. The Ferris forces walked out of the hall, leaving the Weaver men in possession of the official ballot. Ferris claims the nomination by a vote of 115 to 98 and Weaver claims a plurality of 35.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for Chills and Fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown-up people, and I recommend it. It is fine for La Grippe." Sold by W. M. Johnson.

Three Suicides In One Day.

Houston, Tex., June 29.—Three suicides occurred in Houston Thursday. Alfred Baker, aged 22, was found dead on the banks of White Oak bayou with an empty morphine bottle by his side. John Van Halen, 18, took morphine in his room at a boarding house because of unrequited love. John Haas, aged 55, blew out his brains at his home on account of bad health. The local authorities ascribe the continued hot weather of the past two weeks as one reason for the epidemic of suicides.

Tetter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicines give splendid satisfaction in this community.—M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by all druggists.

Street Sweepers Threaten Strike.

New York, June 29—A sympathetic strike of 2,000 street sweepers is threatened if the street cleaning department does not accede to the demands of the striking garbage cart drivers. The health of the city is being seriously menaced by the great piles of garbage which lie rotting in the streets of the East Side. Dr. Darlington of the health board, has started an investigation. Several physicians have already reported that much illness is being caused by filth in the streets.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for Rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

An old sore or ulcer is only a symptom, an outlet for the impurities and poisons which are circulating in the blood, and as long as this vital fluid remains in this impure and contaminated state the place will never heal. It may scab over and appear to be getting well, but a fresh outpouring of diseased matter from the blood starts it again, and thus it goes on, sometimes for years, continually growing worse, and slowly sapping away the strength and vitality of the sufferer.

There are many ways by which the blood may become contaminated and poisoned. A long spell of fever, or other sickness, breeds disease germs in the system, the failure of nature's eliminative members to remove the waste and refuse matter of the body, the excessive use of minerals in certain diseases, all infect the blood with morbid matter and germs, which sooner or later manifest their presence by a sore or ulcer which refuses to heal under the ordinary treatment of salves, washes, lotions, powders, etc. A boil, blister, pimple, burn or even a slight scratch, often develops into a festering or discharging ulcer if the system is run down or the blood depreciated from any cause.

A BAD SORE ON HIS FACE.

I was afflicted with a sore on my face of four years standing. It was a small pimple at first but it gradually grew larger and worse in every way until I became alarmed about it and consulted several physicians. They all treated me but the sore continued to grow worse. I saw S. S. S. advertised and commenced its use and after taking it awhile I was completely cured. My blood is now pure and healthy from the effect of S. S. S., and there has not been any sign of the sore since S. S. S. cured it.

West Union, Ohio. THOS. OWEN.

Persons with an inherited blood taint are very apt to be afflicted with sores and ulcers. Being born with an unhealthy blood supply, the different parts of the body are never fully nourished, and when middle life is reached or passed and the vigor and strength of the system begins to weaken and wane, the tissues in some weak point break down and a chronic sore or ulcer is formed, and kept open by the constant drainage of impure matter from the blood. How aggravating and stubborn an old sore can be is best known by those who have nursed and treated one for years, applying salves, washes, powders, etc., with no good results. The place remains and continues to grow worse by eating deeper into the surrounding flesh, festering, discharging, sometimes throbbing with pain, and gradually undermining the constitution by its unhealthy action on the system.

It is a great mistake to expect to cure these places with external applications. True this treatment assists in keeping the parts clean, and are beneficial in this way, but do not reach the real trouble which is in the blood. The practice of cutting out the diseased parts and even scraping the bone beneath, is often resorted to, but these severe measures seldom do any permanent good. The sore may be removed, and for a time heal over, but the same poison that produced it the first time is still in the blood, because ***The Blood Cannot Be Cut Away,*** and ***The Sore Will Return.***

S.S.S.

PURELY VEGETABLE

The only treatment that can do any real good is a competent blood purifier—one that goes to the very bottom of the trouble and removes the cause, and for this purpose nothing has ever been found to equal S. S. S. It goes down into the circulation, drives out all poison and morbid matter, reduces the inflammation, and by sending pure, rich blood to the diseased parts, instead of feeding them with impurities, allows the sore to heal naturally and permanently. Not only does S. S. S. purify the blood of all poisons and germs, but builds it up from its weakened and impoverished state, making it strong and healthy and able to supply every part of the body with sufficient and proper nourishment to keep it in perfect health. If you have a sore that is slow in healing, do not depend upon external applications alone, nor experiment with unknown medicines, but begin the use of S. S. S., and by removing every vestige of the cause, cure the trouble permanently. Special book on Sores and Ulcers and any medical advice desired sent free to all who write.
